What You Can Expect

• Comprehensive Product Suite

Support diverse hirings needs with access to 18 product types, including criminal and civil checks, verifications, global security screening, credit reports, and more.

• Speed and Accuracy at Scale

Optimize your screening process with efficiencies that cut turnaround times and reduce manual effort—lowering the total cost of delivery without compromising accuracy or compliance.

• Clear, Actionable Instructions

Eliminate guesswork with detailed instruction packets and customized country guides, designed to simplify ordering and reduce errors.

• Supported by Experts on Location

Gain peace of mind knowing results are reviewed by our network of vetted researchers and in-country resources who understand local laws, languages, and cultural nuances.

Global Screening Made Simple

✓ Reduce Compliance Gaps

Stay aligned with evolving global regulations through regionally informed processes and documentation support that help you avoid costly missteps.

✓ Minimize Operational Friction

Streamline your workflows with simplified ordering and verification that reduce manual effort, rework, and turnaround delays.

✓ Increase Confidence in Results

Empower your team with expert-backed insights and support to ensure consistent, high-quality international background checks.
