

## Sex Offender Registry+ (SOR+) solution.

- ✓ Nationwide Coverage provided by SOR data trusted by law enforcement and proprietary AI-enhanced, Personally Identifiable Information matching
- ✓ Fast results. From real-time response to same day results depending on the matching complexity required
- ✓ Cost effective. Eliminate time-consuming, costly, error prone manual matching and multiple searches

### OVERVIEW

SOR+ is a cutting-edge solution poised to revolutionize the way you handle sex offender registry data. InformData has exclusively partnered with OffenderWatch, the nation's leading sex offender registry management and community notification network. This exclusive partnership combines OffenderWatch's nationwide sex offender registry data with InformData's AI-powered Personally Identifiable Information (PII) matching technology to make OffenderWatch's trusted data accessible in the context of hiring, retaining or promoting employees or contractors.

### THE INFORMDATA DIFFERENCE

**Cost Efficiency:** Unlock remarkable savings by slashing labor costs and resource expenditure associated with traditional search methodologies.

**Near-Instant Results:** Harness the power of SOR+ to swiftly process search outcomes within seconds, reducing turnaround times and enhancing operational efficiency.

**Labor Elimination:** Bid farewell to the burden of manual labor as SOR+ efficiently identifies genuine matches, freeing your team to focus on high-value tasks.

**Elevated Profitability:** By streamlining your operations and reducing manual interventions, SOR+ empowers you to amplify your profitability like never before.

**Reduced Litigation Risk:** With SOR+, you can be confident that the records you report are accurate, verified, and relevant, fostering trust among your clients.

**Inform yourself.**
