

InformData's Resume Verification solution.

- 1.8+ million verifications processed each year
- 65% verifications completed on the first two attempts
- 2 days average turnaround time
- 100% Kaizen-driven process

The difference is in the data

Resume verification is something you have to do. It's not your bread and butter service, but you can't ignore it either. InformData gets it. That's why background screening companies like yours trust InformData to provide out-of-the-box resume verification solutions. Our 100% Kaizen, continuous improvement process provides a 2-day average turnaround time while handling over 1.8 million verifications annually. Even custom verifications! We have the muscle and resources to handle your volume with professionalism and finesse. InformData will make you look good. It's what we do.

Comprehensive. Transparent. Direct-source data.
